Independent Auditors' Report

**To the Board of Directors
United Way of Westchester and Putnam, Inc.**

We have audited the accompanying statements of financial position of United Way of Westchester and Putnam, Inc. ("United Way") as of June 30, 2012 and 2011, and the related statements of activities, functional expenses and cash flows for the years then ended. These financial statements are the responsibility of United Way's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of United Way's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of United Way of Westchester and Putnam, Inc. as of June 30, 2012 and 2011, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplement schedules on pages 20 through 27 are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to Financial Statements
June 30, 2012 and 2011

1. The Organization

United Way of Westchester and Putnam, Inc. (“United Way”) is a local, independent not-for-profit health and human services agency exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code. United Way’s mission is to advance the common good by creating opportunities for every person within our community to have a better life. United Way is focused on helping everyone receive a quality education which leads to a stable job until retirement and good health.

Volunteers and staff work together to manage the United Way. This work includes assessing the needs of the community, developing strategies to meet the most critical needs, raising resources and funding initiatives to implement these strategies and communicating the results back to the community.

Some of the communities within this United Way conduct fund-raising, communication and volunteer recruitment activities in the name of geographically smaller areas that are within Westchester County. These “local community United Ways” function as local affiliates of United Way of Westchester and Putnam. One of these local affiliated United Ways continues to maintain separate status and retain non-campaign receipts and title to reserve funds which are not included in these Financial Statements.

The United Way has responsibility for soliciting, billing, and collecting all local donors’ accounts. Amounts collected on behalf of other not-for-profit agencies that have been designated by the Internal Revenue Service as exempt under Section 501(c)(3) are distributed as prescribed by the donor. In addition, the United Way is a participant in a regional campaign managed by United Way Worldwide which was created to coordinate fundraising for companies with employees in multiple locations, on behalf of autonomous local United Ways in New York, New Jersey and Connecticut. United Way Worldwide’s regional office in New York City has assumed coordination and collection responsibilities for these companies within the Tri-State area. Each United Way participating in the regional campaign takes an active role in working with those companies in their area and shares in the unrestricted funds raised in accordance with a distribution formula. The details of this distribution arrangement are explained in a regional partnership agreement. An extension of this agreement was executed for the Tri-State area United Way annual campaign for the period July 1, 2011 – June 30, 2012 and payouts from the 2011-2012 campaign will continue through early 2013.

2. Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”). Net assets and revenues and expenses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein, are classified and reported as unrestricted net assets, temporarily-restricted net assets and permanently-restricted net assets, as applicable.

United Way of Westchester and Putnam, Inc.

Notes to Financial Statements

2. Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The most significant estimates and assumptions relate to the determination of the allowance for uncollectible pledges and accrued pension cost. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash includes currency on hand, demand deposits with financial institutions, and other amounts that have the general characteristics of demand deposits. Cash equivalents include short-term investments with maturities of three months or less at the time of purchase.

Fair Value of Financial Instruments

United Way follows Financial Accounting Standards Board ("FASB") guidance on Fair Value Measurements which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable inputs and are used to the extent that observable inputs do not exist.

Investments and Investment Income

Investments consisting of marketable securities are reported at fair value based on quoted market prices. Money market funds and other highly liquid investments with maturities of 90 days or less are reported at cost, which approximates market value. Securities are reported on a trade date basis. Realized and unrealized gains and losses are included in investment return in the statement of activities.

Land, Building and Equipment

Land, building and equipment is stated at cost at the date of acquisition or at estimated fair market value at the date of donation, less accumulated depreciation. Expenditures for land, buildings and equipment in excess of \$2,500 are capitalized. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets as follows: buildings (25 years); capital improvements (5 to 10 years); and furniture, fixtures and equipment (3 to 10 years).

2. Significant Accounting Policies (*continued*)

Public Support

Funds raised by United Way are categorized as follows:

Campaign results

- Unrestricted local campaign pledges and donations.
- Local campaign pledges restricted by donors to another not for profit agency or local United Way (referred to as donor choice).
- Share of United Way Worldwide's campaign as determined by agreed upon formula (see Note 1).
- Proportionate share of United Way Worldwide's campaign pledges restricted by donors to agencies and United Ways not participating in United Way Worldwide's campaign (referred to as donor choice).

Funds Raised on Behalf of Others

Amounts raised on behalf of others includes United Way's share of the United Way Worldwide's campaign restricted pledges and local campaign restricted pledges (referred to as donor choice).

Contributions

Contributions are recognized when the donor makes a promise to give that is, in substance, unconditional. Contributions received are recorded as unrestricted and temporarily-restricted support depending on the existence and/or nature of any donor restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets. The Regional Campaign promises receivables are recorded when the United Way is notified of final results by the regional office or through the United Way that has been deemed the lead organization that conducted a workplace campaign on behalf of the regional campaign. The United Way uses the allowance method to determine uncollectible unconditional promises receivable. The allowance is based on prior year's experience and management's analysis of specific promises made.

Contributed Materials and Services

Contributed materials and services are reported at estimated fair value on the date of donation. Contributed materials are received from local vendors and distributed to local agencies. Contributed services provide assistance to the United Way

It should be noted that a substantial number of volunteers have donated considerable amounts of their time to the United Way's program and supporting services; however, none of these contributed services met the requirements for recognition in the financial statements. However, it is United Way Worldwide's policy to recognize the value of volunteer services by using the value established by the Independent Sector at \$21.36 per hour. Utilizing this calculation for the year ended June 30, 2012, United Way of Westchester and Putnam has determined that \$214,675 was contributed in service time to our United Way.

2. Significant Accounting Policies (continued)

Allocations and Designations to Agencies

In June 2012, the Board of Directors of United Way approved an initial budgeted amount of \$966,024 in undesignated and targeted funds for allocations and grants in fiscal 2012. No liability has been recorded in the accompanying financial statements because the distributions will be funded from the proceeds of the 2012-2013 fundraising campaign conducted in fiscal 2012.

Amounts which have been allocated to specific agencies in the current fiscal year but have not been disbursed as of June 30 are accrued and reflected in the accompanying statements of financial position as "Due to Agencies". Amounts committed for periods after year end are subject to further review and approval by the United Way Board and the availability of funding. Accordingly, such amounts are not reflected as a liability as of year end. Donor choice funds are paid separately, generally on a quarterly basis, and have also been reflected in "Due to Agencies".

Impairment or Disposal of Long-lived Assets

FASB guidance requires that long-lived assets and certain identifiable intangible assets be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of the long-lived assets is measured by a comparison of the carrying amount of the assets to future undiscounted net cash flows expected to be generated by the assets. No impairment losses have been recorded to date.

Asset Retirement Obligations

FASB guidance defines an asset retirement obligation as a legal obligation associated with the retirement of tangible long-lived asset. The standard requires recognition of the asset retirement obligation in the period in which incurred, if an estimate of fair value can be made. United Way evaluated its owned properties for potential asset retirement obligations. Based on this review, United Way has not currently identified any environmental remediation or other such obligations.

Accounting for Uncertainty in Income Taxes

United Way recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that United Way had no uncertain tax positions that would require financial statement recognition. United Way is no longer subject to audits by the applicable taxing jurisdictions for periods prior to July 1, 2009.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is November 8, 2012.

3. Concentrations of Credit Risk

Financial instruments which potentially subject United Way to concentrations of credit risk include bank deposits in excess of the Federal Deposit Insurance Corporation ("FDIC") limits. United Way management believes it mitigates its risk by investing with reputable commercial institutions with satisfactory credit ratings. United Way has not experienced any losses on these financial instruments.

Campaign results include funds raised by the United Way Worldwide Regional Campaign which represents approximately 19% and 17% of the total for fiscal 2012 and 2011. United Way Worldwide has notified United Way that there will be a change in the Regional Campaign relationship through the allocation formula beginning in 2012-13 due to the dissolution of formal regional campaign efforts. However, the impact can not be determined at this time.

United Way has a beneficial interest in the Ruth Taylor Award Fund, a charitable trust which is valued using Level 1 inputs, and is not in the United Way's possession or under its control. Generally accepted accounting principles require the recognition of the fair value of the future income stream from the fund. The fair value of the underlying assets of the fund was used to determine the future income stream. The assets of the trust are classified as temporarily and permanently restricted.

United Way is also the beneficiary of two charitable gift annuities, which are not in the United Way's possession or under its control. Upon death of the owners, United Way will receive the gifts from the annuities. The value of the annuities is based upon the fair value of investments net of the expected future annuity payments. The administrator of the annuities is United Way Worldwide.

8. Loan Payable to Bank

United Way has a \$1,000,000 collateralized open ended line of credit from a financial institution. Outstanding borrowings bear interest at the floating rate of the institution plus 3% (3.25% at June 30, 2012). The line of credit expires as of December 31, 2012 and is collateralized by United Way's present and future undesignated receivables as well as a \$1,000,000 lien on the building. The maximum borrowings under the line of credit must be reduced to \$500,000 as of December 15, 2012. Interest expense incurred was \$18,678 and \$24,014 in fiscal 2012 and 2011.

9. Defined Benefit Pension Plan

United Way maintains a noncontributory defined benefit pension plan covering substantially all of its employees. Effective November 19, 2008, the Board of Directors voted to freeze the benefits accruing under the defined benefit plan. Effective May 18, 2011, the Board of Directors voted to begin the process to terminate the plan as soon as administratively feasible.

Items Not Yet Reflected in Net Periodic Benefit Cost

Unrecognized actuarial losses not yet recognized in the net periodic pension cost are \$768,133 and \$442,634 at June 30, 2012 and 2011. Periodic benefit cost totaling \$31,160 is expected to be amortized in the next fiscal year.

The Expected Long-Term Rate of Return on Plan Assets assumption of 6.5% was selected using the “building block” approach described by the Actuarial Standards Board in Actuarial Standards of Practice No. 27 - Selection Economic Assumptions for Measuring Pension Obligations. Based on United Way’s investment policy for the pension plan in effect as of the beginning of fiscal year, a best estimate range was determined for both the real rate of return (net of inflation) and for inflation based on historical 30-year period rolling averages. An average inflation rate within the range equal to 3.75% was selected and added to the real rate of return range to arrive at a best estimate range of 6.37% - 7.80%. A rate close to the midpoint of the best estimate range of 6.5% was selected.

Plan Assets

The plan assets as of June 30 by category consist of:

	<u>2012</u>	<u>2011</u>
Equity securities	\$ 930,971	\$ 954,103

	<u>\$ 2,701,411</u>	<u>\$ 2,729,271</u>

The investment policy of the plan requires an investment allocation mix of 30% in equities and 70% in guaranteed interest accounts. The asset mix will be rebalanced quarterly if the ratio varies by more than 5%.

Contributions

United Way expects to contribute \$77,100 to its pension plan in fiscal 2013.

10. Defined Contribution Pension Plan

United Way maintains a defined contribution plan covering substantially all of its employees. Contributions to the Plan are computed as a percentage of each employee's basic compensation for all enrolled employees who have completed one year of service and factor in their position within the United Way. Eligible employees may make voluntary contributions to the Plan. Employer contributions totaled \$145,190 and \$145,447 in fiscal 2012 and 2011.

11. Funds Held for Long-Term Investment

United Way has interpreted NYPMIFA as requiring the preservation of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the United Way classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment fund, and (c) accumulations of investment returns to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified as permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the United Way in a manner consistent with the standard of prudence prescribed by NYPMIFA.

Activity in funds held for long-term investment for the years ended June 30, 2012 and 2011 is summarized as follows:

	Unrestricted Quasi- Endowment	Temporarily Restricted	Permanently Restricted	Total

11. Funds Held for Long-Term Investment (continued)

The primary investment objective is to provide over time a real rate of return over inflation that will maintain (and preferably increase) the real value of the assets in order to support in perpetuity the United Way's mission. In 2000, United Way of Westchester and Putnam convened the other United Ways in the Hudson Valley region (Dutchess, Orange, Rockland, Sullivan, and Ulster) to develop and maintain a multi-lingual helpline utilizing the nationally designated number 2-1-1. The 2-1-1 service enables those in need or in crisis to reach professionally trained information and referral specialists utilizing a comprehensive database of community and municipal resources to connect callers to health and human services that can assist them. From May 2009 to present, this database has been available to the public (www.hudson211.org) so that anyone can search this comprehensive database at anytime.

2-1-1 Hudson Valley Region has been operating as a division of the United Way and is being underwritten by local United Ways, governments and corporate foundations. Net assets of the 2-1-1 Hudson Valley Region at June 30, 2012 and 2011 amounted to \$(68,695) and \$47,106 and is included in unrestricted net assets in the statement of financial position.

18. Emergency Food and Shelter Program

Each year, the United States Congress appropriates funds for an emergency food and shelter program which is administered by a national board involving nine major not-for-profit organizations, including the United Way Worldwide. In turn, local emergency food and shelter boards, involving local representatives of the nine organizations, including local United Ways and other local public and community leaders, recommend how local shares of the total appropriation, based on several needs-oriented factors, should be distributed among those local 501(c)(3) agencies requesting emergency funds to expand their capacity to serve the newly hungry and homeless. United Way administers the program in Westchester and Putnam, supports the local Board's decision-making process, and monitors the use of all funds allocated. In fiscal years 2012 and 2011, a total (unaudited) of \$320,177 and \$328,376, was granted. Although these are resources managed by United Way, the amounts are not included in the statement of activities.

19. Administrative Cost Ratio

Administrative Cost Ratio	<u>18.75%</u>	<u>17.07%</u>

20. Deficiency in Unrestricted Net Assets

The Board and management will continue to monitor the organization's operating deficit throughout the year. With the Board's guidance, management will continue their practice of closely reviewing the campaign results throughout the upcoming year. In accordance with this practice, they will regularly take the necessary actions to reduce the deficit by adjusting the operating budget and/or initiatives (as has been their practice in recent years, when the organization reduced the operating budget nearly 10% for each of the last three years).

Resources are again being focused on raising increased and new undesignated funds for their mission work. A very successful 50th anniversary celebration has already occurred in the first half of the 2012-13 fiscal year that netted approximately \$90,000 in new undesignated funds for the 2012-2013 campaign.

Management, in consultation with the Board, has also been closely monitoring the budgetary issues associated with the 2-1-1 service. It should be noted that they have made a great deal of progress to secure new contracts and grants with private and public funders to sustain the viability and mission of 2-1-1 going forward.

Finally, the Board and Management will continue to implement steps to address the considerable pension and investment income liabilities, to the extent that they can control this portion of the deficit.
